* The balance on which the FINANCE CHARGE is computed is the "daily balance" outstanding in your Line of Credit Account. To get the "daily balance" we take the beginning balance of your Account each day and add any new loans or charges and subtract any payments or credits. This gives us the "daily balance". The amount of the FINANCE CHARGE for each day in the billing cycle is computed by multiplying the "daily balance" in your Account by the Daily Periodic Rate. The sum of these amounts equals the FINANCE CHARGE for the billing cycle. Refer to the "Credit Line Detail" section below for information containing the "balance(s) on which the FINANCE CHARGE is computed".
